

Annotated Case Report Forms

Study IMM-PSO-3001 — Phase III Plaque Psoriasis

Clinical Data Management

2026-05-15

Table of contents

1	Introduction	1
2	Form catalogue	1
2.1	Form DM — Demographics	3
2.2	Form IE — Inclusion/Exclusion Criteria	4
2.3	Form AE — Adverse Events	5
2.4	Form CM — Concomitant Medications	6
2.5	Form PASI — PASI Assessment	7
2.6	Form LB — Laboratory Results	8
3	Completion notes	9

1 Introduction

This document presents the annotated Case Report Forms (CRFs) for Study IMM-PSO-3001. Each form lists every captured field with:

- **Label** — what the site sees on screen
- **CDASH variable** — the CDISC CDASHIG 2.2 short name
- **Type / length** — the EDC field definition
- **Codelist** — controlled vocabulary (where applicable)
- **Required** — whether the field must be completed before save
- **SDTM variable** — the corresponding SDTMIG 3.3 target variable (per `metadata/mapping_spec.xlsx`)

The annotated CRF is the canonical artifact for downstream stakeholders (statistical programming, biostatistics, regulatory) to understand what data is collected, how it is structured, and how it maps into submission datasets.

Per the Data Management Plan, this document is reviewed and signed off prior to UAT and again before database lock.

2 Form catalogue

Form ID	Short	Name	CDASH Domain	Required	Visit Schedule
F-DM	DM	Demographics	DM	Y	Screening
F-IE	IE	Inclusion/Exclusion Criteria	IE	Y	Screening
F-AE	AE	Adverse Events	AE	N	Continuous from BL to EOS
F-CM	CM	Concomitant Medications	CM	N	Scr, BL, W4, W8, W12, W16
F-PASI	PASI	PASI Assessment	EFF	Y	Scr, BL, W4, W8, W12, W16

Form ID	Short	Name	CDASH Domain	Required	Visit Schedule
F-LB	LB	Laboratory Results	LB	Y	Scr, BL, W4, W12, W24, W36

2.1 Form DM — Demographics

CDASH Domain: DM

Visit Schedule: Screening

Required for study: Y

Notes: One row per subject; demographic and disposition anchors.

Order	Label	CDASH	Type	Codelist
1	Subject ID	SUBJID	Char (10)	—
2	Date of Birth	BIRTHDAT	Date (10)	—
3	Age at Screening	AGE	Num (3)	—
4	Age Units	AGEU	Char (10)	YEARS,MONTHS
5	Sex	SEX	Char (1)	M,F
6	Race	RACE	Char (60)	AMERICAN INDIAN OR ALASKA NATIVE,ASIAN,BLACK OR AFRICAN AMERICAN,OTHER
7	Ethnicity	ETHNIC	Char (30)	HISPANIC OR LATINO,NOT HISPANIC OR LATINO,NOT REPORTED
8	Country	COUNTRY	Char (3)	USA

2.2 Form IE — Inclusion/Exclusion Criteria

CDASH Domain: IE

Visit Schedule: Screening

Required for study: Y

Notes: One row per criterion (long format).

Order	Label	CDASH	Type	Codelist	Required	SD
1	Category	IECAT	Char (20)	INCLUSION,EXCLUSION	Y	IEC
2	Criterion Code	IETESTCD	Char (8)	—	Y	IEC
3	Criterion Text	IETEST	Char (200)	—	Y	IEC
4	Criterion Met (Y/N)	IEORRES	Char (1)	Y,N	Y	IEC

2.3 Form AE — Adverse Events

CDASH Domain: AE

Visit Schedule: Continuous from BL to EOS

Required for study: N

Notes: One row per AE per subject; non-required (some subjects have none).

Order	Label	CDASH	Type	Codelist
1	AE Reported Term	AETERM	Char (200)	—
2	MedDRA Preferred Term	AEDECOD	Char (100)	—
3	AE Start Date	AESTDAT	Date (10)	—
4	AE End Date	AEENDAT	Date (10)	—
5	Severity	AESEV	Char (10)	MILD,MODERATE,SEVERE
6	Serious (Y/N)	AESER	Char (1)	Y,N
7	Relationship to Study Drug	AEREL	Char (20)	RELATED,NOT RELATED,UNKNOWN
8	Action Taken with Study Drug	AEACN	Char (30)	DOSE NOT CHANGED,DOSE REDUCED,D
9	Outcome	AEOUT	Char (30)	RECOVERED/RESOLVED,RECOVERING/R
10	System Organ Class	AESOC	Char (100)	—
11	Toxicity Grade	AETOXGR	Char (1)	1,2,3,4,5
12	Non-Serious Treatment-Emergent	AENONST	Char (1)	Y,N

2.4 Form CM — Concomitant Medications

CDASH Domain: CM

Visit Schedule: Scr, BL, W4, W8, W12, W16, W24, W36, W52

Required for study: N

Notes: One row per concomitant medication per subject.

Order	Label	CDASH	Type	Codelist	P
1	Medication Name	CMTRT	Char (200)	—	
2	Indication	CMINDC	Char (200)	—	
3	Dose	CMDOSE	Num (6)	—	
4	Dose Unit	CMDOSU	Char (10)	mg,g,mL,IU,mcg,unit	
5	Start Date	CMSTDAT	Date (10)	—	
6	End Date	CMENDAT	Date (10)	—	
7	Route	CMROUTE	Char (30)	ORAL,IV,IM,SC,TOPICAL,OTHER	
8	Ongoing at EOS (Y/N)	CMONGO	Char (1)	Y,N	

2.5 Form PASI — PASI Assessment

CDASH Domain: EFF

Visit Schedule: Scr, BL, W4, W8, W12, W16, W24, W36, W52

Required for study: Y

Notes: Six regional sub-scores plus computed total.

Order	Label	CDASH	Type	Codelist	Required	SDTM Var.
1	Assessment Date	PASIDAT	Date (10)	—	Y	PASIDTC
2	PASI Head Region Score	PASIHEAD	Num (4)	—	Y	PASIHEAD
3	PASI Upper Limbs Score	PASIARMS	Num (4)	—	Y	PASIARMS
4	PASI Trunk Score	PASITRNK	Num (4)	—	Y	PASITRNK
5	PASI Lower Limbs Score	PASILEGS	Num (4)	—	Y	PASILEGS
6	PASI Total	PASITOT	Num (5)	—	Y	PASITOT
7	BSA Trunk %	PASISBT	Num (4)	—	N	PASISBT
8	BSA Arms %	PASISBA	Num (4)	—	N	PASISBA
9	BSA Legs %	PASISBL	Num (4)	—	N	PASISBL

2.6 Form LB — Laboratory Results

CDASH Domain: LB

Visit Schedule: Scr, BL, W4, W12, W24, W52

Required for study: Y

Notes: One row per analyte per visit per subject.

Order	Label	CDASH	Type	Codelist	Required
1	Lab Test Code	LBTESTCD	Char (8)	WBC,HGB,PLT,ALT,AST,CREAT	Y
2	Lab Test Name	LBTEST	Char (40)	—	Y
3	Result (Original)	LBORRES	Num (10)	—	Y
4	Original Unit	LBORRESU	Char (20)	—	Y
5	Normal Range Low	LBORNRLLO	Num (10)	—	N
6	Normal Range High	LBORNRLHI	Num (10)	—	N
7	Specimen Date	LBDAT	Date (10)	—	Y
8	Central Lab Name	LBNAM	Char (60)	—	N

3 Completion notes

General guidance for all sites:

- All dates must be entered in ISO 8601 format (YYYY-MM-DD). Partial dates are not accepted in this study.
- Subject IDs follow the pattern **S###-####**. The first three digits identify the site (S001–S008); the four-digit suffix increments within the site.
- All required fields fire an Error-severity edit check when blank (see `metadata/edit_checks.xlsx`).
- For controlled-vocabulary fields, only values from the codelist are accepted. Free-text entries are reserved for verbatim AE and CM terms and are coded post-entry (MedDRA / WHO-DD respectively).
- The full edit-check specification is reviewed at UAT and re-reviewed before database lock.

For per-form completion details, see `docs/crf_completion_guide.md`.
